

## Celebrate World Water Day 2025!

If you knew the gift of God and who it is that asks you for a drink, you would have asked him and he would have given you living water"

*John 4:10*

Today, March 22nd is World Water Day! It has become a tradition for the SON Tanzanian team to meet together during this week for a time of refreshing, review and team building. Pastor Msambili was an entertaining speaker while imparting spiritual wisdom and practical advice about relationships and marriage to the team. A day of review of the SON-TZ vision, mission, values, policies and procedures resulted in some good discussion and activities as well. Another World Water Day event is awareness building and outreach in Lukobe Center, a community where there are many shallow wells as the main source of water. The team will also worship together and participate in the service at Great Faith Church in Manyuki, another community close to the SON-TZ Morogoro Workshop.

***The prayers of a righteous man are powerful & effective!***

***Please commit to praying with us...***

- For us, along with the entire SON Team to place trust in God each and everyday.
- For the remaining World Water Day events, that our team will be effective in sharing Jesus the Living Water as well as the opportunity to receive a bio-sand filter. And that God will be glorified throughout these events.
- For the Training of Trainers course that is to be held next week for our new team members.
- For the leaders of the SON-TZ that wisdom and discernment will prevail when making decisions. Especially Charles as he has taken over the role of General Manager and all the challenges that go with leadership.
- Especially pray for the new SON Team members, Hosea, Amosi, Alex, Andrew and Godwin
- Pray for the Kemondo Filter Workshop Team as they will be undergoing some transitions over the next few months. Pray that God will be glorified and the team will remain men of integrity.

An opportunity.....if you are not already doing so, please consider a monthly or one time donation for the following needs:

- Bio-sand Filter - \$100
- Training of Trainers Course - \$1500
- WASH & Puberty Education - \$450/Class

**DONATE**

**AND DON'T FORGET...**

**NAWA MIKONO MARA KWA MARA !**

**WASH YOUR HANDS FREQUENTLY!**

***This is one of the most effective ways to prevent viruses from getting into your body.***

*The Spirit and the Bride say "Come!". And let him who hears say, "Come!", whoever is thirsty, let him come; and whoever wishes, let him take the free gift of the water of life."*

*Revelation 22:17*
