

## **Habari from the Ziems** June 2023

Psalm 113:3 Sunset season is here! Although it is still raining, the beautiful sunsets have been frequent. I recently learned that someone, like me, who loves sunsets is a

"Opacarophile". Opacare is latin for dusk and phile is greek for love. I have just increased your vocabulary! This picture was taken from the front step of our house. It is also a wonderful reminder to praise God throughout the whole day, from sunrise to sunset.

**Mkoko Village** 

Joyce continues to lead a women's group in Mkoko Village. They meet at

the church and have been going through a series of topics and activities, that if applied will result in a "Heathy Home". Last week a tour was made of all of the homes by the group with a checklist and some interesting discussions took place! We will issue "Healthy Home" certificates during our June outreach to all participants that have completed the tasks for making their home healthy. These women also love to get "new vyombo" for storage of food and other household items. Vyombo are used jars, milk jugs, soap dispensers, condiment containers and similar items. They take turns choosing which ones they want.

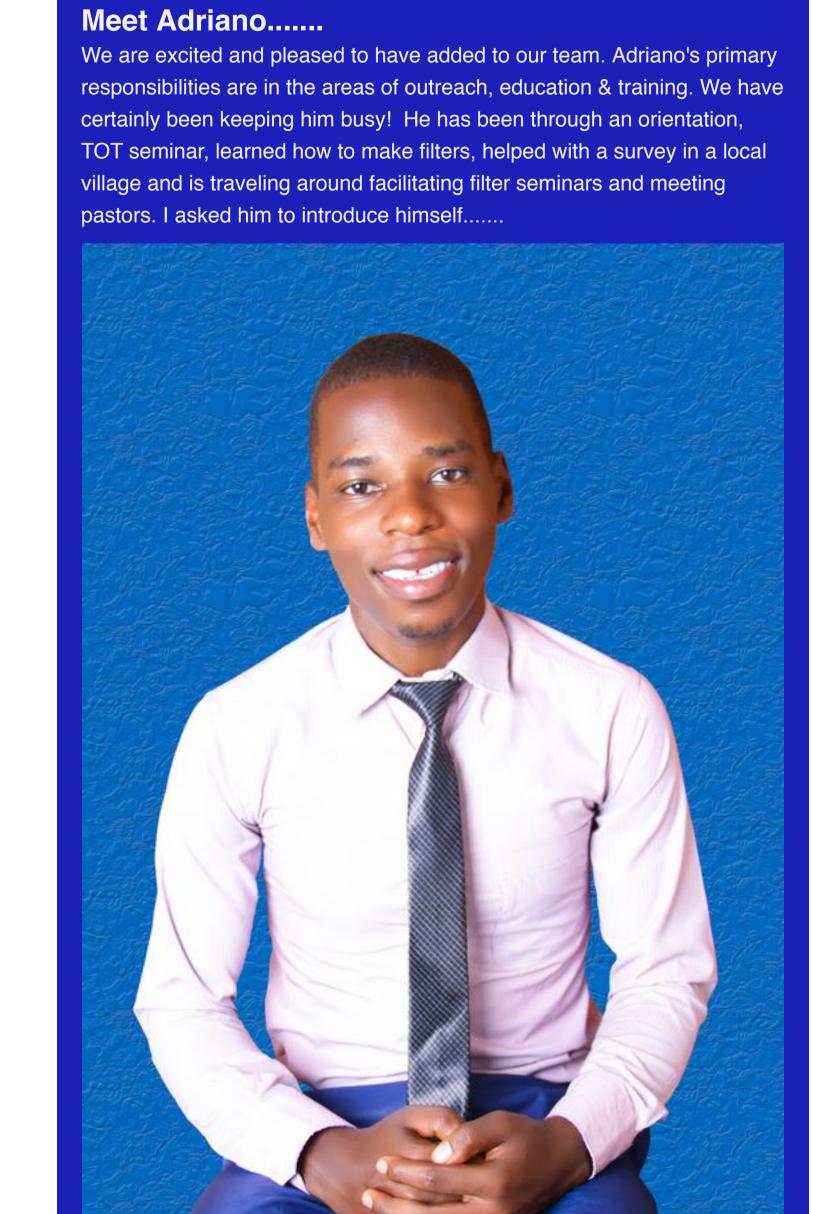

Morogoro and I have acquired a lot of experience on how to serve humanity both physically and spiritually. Am grateful for that. May God bless SON and all who are involved to make it successful. Thank you. Adriano Mkonda Morogoro-Tanzania
